PRAYING FOR MINISTRY TO THE MILITARY

MAY 2021

PRAISES

☐ **Greg and Heidi Carlson, Bremerton, WA**

We've found a solid home church that supports us and understands our mission. The head chaplain from the U.S. Nimitz is appointed to Converge, the same denomination, and is creating a special relationship with this church.

☐ **Laurel Givry, Fort Jackson, SC**

Praise God that 12 ladies finished the class on how to study their Bibles and are now better equipped to read and handle the Word of God. Praise God for the spiritual growth that has happened in these women over the last four months. Pray they will continue to study their Bibles and grow in the Lord.

☐ **Sharyn Holl, Killeen, TX**

I'm rejoicing at the privilege of baptizing A. in the hospitality house hot tub after Bible study! She studied Bible basics with me, and finally committed to following Jesus. Also, two ladies joined me as volunteers with Samaritan's Purse to help with the Austin storm clean-up. We had great fellowship and were able to help three families. Additionally, the hospitality house ministry team led "Sacred Search," a three-day event which was well attended. Important Biblical truths on dating and marriage were shared, along with devotionals given by the ministry team. Pray these truths are applied.

☐ **Joe and Jill Vincent, Spangdahlem Air Base, Germany** God continues to surprise us with new financial partners, as some partners have been unable to continue supporting us due to COVID-19 job losses. We are thankful.

☐ **Paul and Stacy Cassidy, HQ, VA**

We are praising God for His provision of new missionary applicants!

WEEK OF MAY 2

☐ **Robin and Linda Windisch, Baumholder, Germany**

Pray for spouses and families left behind as we head into the season of missions and field exercises.

☐ **Lorene Glynn, Air Force Academy, CO**

Thank you for praying for the college students. They have worked hard for four years and will be awarded their bachelor's degree this month. The girls I've been working with graduate on May 1 and 8. Our prep students will be graduating on May 18. On May 26, our senior cadets will be graduating and receiving their commissions into the Air Force as active-duty officers. My prayer for all of them is that they will walk with the Lord Jesus and continue to grow spiritually.

☐ **David and Joyce Schroeder, HQ, CO**

Cadence will be observing a mission-wide "Selah" virtual retreat May 5-8. Please join us in seeking the Lord for His heart, His refreshment, and His direction in all of our lives.

☐ **Danny and Kathryn Perez, Eastern Field Leader, NC**

Pray for interns Molly and Victoria as they arrive in the Ft. Bragg community for eight weeks to minister to young women and children.

☐ **Sharyn Holl, Killeen, TX**

There were several presentations of the Gospel last month. Pray that S. and K. will come to know Jesus. Also, my three Bible studies end on May 4 for the summer. Pray the content will change minds and behavior. Pray also for God to guide my R&R plans this summer so I get rested, recharged, and spoken to personally by the Lord.

☐ **Tom and Susan Box, Limited-Term, IN**

Please pray for Susan as she fights cancer. Scans are scheduled for mid-May, and we pray for a good outcome so chemotherapy can be stopped.

WEEK OF MAY 9

☐ **Joe and Jill Vincent, Spangdahlem Air Base, Germany**

Please pray for healing in my (Joe's) left hip. This unknown injury is slowing me down. Pray also that we would be disciplined as we seek to become faithful to the practice of a weekly Sabbath.

☐ **Lou and Linda Harrison, Ambassadors, CO**

My recent book, *God's Not Fooled*, is being sent to 100 pastors and church leaders in Malawi. I would appreciate your prayers for its fruitfulness.

WEEK OF MAY 9 CONTINUED

□ **Wes and Elaine Auldridge, RAF Lakenheath, England**

Pray that we would begin to build relationships and community as restrictions that have been tight all winter begin to ease. It feels like a fresh start in life and community. We have involvement with several unbelieving Airmen and are enjoying sharing life with them in small, socially-distant ways.

□ **Greg and Heidi Carlson, Bremerton, WA**

We have moved to Bremerton, WA in preparation to serve Navy Base Kitsap, but our focus is Partnership Development. We need to see significant progress in our monthly support by June. Currently, we're over 50%.

□ **Brian and Aimee Kleager, Europe Field Leader,**

Germany We will move from Kandern, Germany to Denver, CO on June 22. During May would you pray for us as we end our time in Germany after 13 years? Pray for healthy endings for all of our family as we pack and prepare to move.

WEEK OF MAY 16

□ **Lou and Cathy Rozmiarek, HQ, CO**

Please continue to pray for our missionaries who are currently raising support. Pray that the Lord will guide them to the churches and people that He desires to be on their support team. Pray for boldness as they cast vision and passion for their specific ministry. Pray for His provision to come in quickly so we can reach more of the military with the love of Jesus.

□ **Jennessa Randall, JBLM, WA**

Praise God for new Soldiers joining us almost every week. Please pray for us to adapt well as we move from being a group of single Soldiers this last year to having couples and families join our group. Pray also for our core group to have eyes for the newcomers and to actively seek to include them and build relationships with them.

□ **David and Joyce Schroeder, HQ, CO**

We have a precious grandson in India whose timing to be brought home will be determined, by the Lord, through a carefully prepared adoption dossier that is currently in the hands of a local court. Pray with us that this process, which was halted for several months due to COVID-19, will be moved along. We are also praying for other children in the same situation who are waiting to be united with their families.

□ **Joe and Jill Vincent, Spangdahlem Air Base,**

Germany Please pray for a few families at The Hangar who need restoration in their relationships, along with softened and forgiving hearts.

□ **Danny and Kathryn Perez, Eastern Field Leader,**

NC Pray for chaplains across all branches. Their marriages, children, and ministries are under heavy oppression from our adversary. Pray that these chaplains keep their feet on God, our Eternal Rock. Would you also pray for young women who are now serving in combat arms units? Pray they would be protected from abuse in all forms and that God would quicken their spirits to turn to Him and recognize His love for them.

WEEK OF MAY 23

□ **Laurel Givry, Fort Jackson, SC**

Please pray for God to provide a way to move our military MOPs (Mothers of Preschoolers) group back onto post this fall. We have hit some roadblocks in having childcare provided, which is essential for this ministry. Pray that God will provide a chaplain sponsor who will "go to bat" for us, particularly on this issue. Pray that the decision-makers will be willing to think creatively with us.

□ **Frank and Ruth Ann Branham, Fort Carson, CO**

We are finishing "The Engagement Project," which is the follow-up to "The Truth Project" with Del Tackett this month. We need wisdom to determine which study we should enter into next. Genesis or Biblical Distinctions are the two topics we're praying about. Pray that our decision will be led by the Lord and will meet Soldiers' needs. God is good!

□ **Chris and Melissa Stephenson, Wiesbaden, Germany**

We are hopeful for loosened restrictions moving into summer. Please pray that we can extend our reach in this community when restrictions ease. Also, be in prayer for our stateside trip to visit family in August.

□ **Danny and Kathryn Perez, Eastern Field Leader, NC**

Would you ask the Lord to give us wisdom, clarity, and His heart for all things concerning Victory Ranch in SC?

□ **Jennessa Randall, JBLM, WA**

Please pray that our Memorial Day camping trip May 28-31 produces spiritual and relational growth in our group. Also, pray that work schedules will allow everyone to attend.
