

Serving with Cadence International

Brian & Aimee Kleager

OCTOBER 2021

EXPONENTIAL IMPACT

Those are the words that keep stirring in my mind as I think about my new role as the Vice President for Strategic Partnerships and Public Relations. Aimee and I have loved being on the front lines of ministry, and now my role affords me the opportunity to have an exponential impact from a strategic level. I'm excited to enhance current ministry partnerships and build new ones that will impact the work of our missionaries around the world. I also get to lead an incredible team of people that work to ensure more and more people know about Cadence so they can experience God's goodness through our ministries.

EXTROVERTED IMPACT

Those are the words that come to mind when I think of Aimee's many roles of ministry and her gift of connecting with people! In this next season of life, she will not have an everyday role with Cadence, but will do some recruiting on college campuses throughout the year. She will focus the rest of her time on being a mom, serving as an athletic trainer for our kids' high school, loving our neighbors, serving at our church, and more. Having flexibility will allow her to use her gifts to share the gospel and her life with many different groups of people—something most of you have been blessed by at one time or another!

Jacob

Finn

Addie and Owen

FAMILY UPDATE

Jacob has begun his college career at Lewis University near Chicago. He is doing Air Force ROTC and is working towards a degree in Aviation Flight Technology. He gets to fly about six times a month as part of his coursework! **Owen** is a sophomore and playing on the JV and Varsity soccer teams at Denver Christian High School. He's also behind the wheel much of the time working towards his driver's license. **Finn** is in fifth grade and has a wonderful teacher and class. He has begun playing drums and is also playing soccer on a club team. **Addie** is in kindergarten and continues to brighten everyone's day with her smile and chatty personality—she loves to both inquire about you and also share about all the parts of her day! And if you have a dog, she'd love to pet it.

And as I write this, I'm told that our furniture that was packed on June 15 is now on a train and is almost to Denver—almost!

PRAY WITH US

- Pray for wisdom in the many decisions we make in the coming months as we settle into new routines with new commitments and relationships.
- Pray for our kids to continue to build good friendships. These are taking time to establish.

CONTINUED THANKS!

God has blessed us deeply throughout our transition. We are so thankful for the many, many ways He has sustained and cared for us. We are also so thankful for all of you who pray for us and give financially to this work God has called us to do. We could not do it without you!

In the sufficient grace of Jesus,
Brian (and Aimee too!)
