Koinonia: Fellowship, participation, sharing.

This describes what has been happening at the Wright House!

We have had several Airmen and Guardians ask us to disciple them! We have been memorizing verses and learning together who we are as children of God. Just moments ago, I met one-on-one with a Guardian, and he shared what a difference our ministry is making in his life. He even sees a difference in the atmosphere at work because of those who are attending. Naturally, we were encouraged to hear this, but we can only praise God for His work and the doors He is opening! We want to thank you for being a part of our team, too, as we couldn't do this alone.

We have also been blessing families of deployed spouses. One of our chaplains had to leave his wife and seven kids to serve his country overseas for seven to eight months. Letty let them know that we would love to support the wife by watching their kids and preparing meals when she needs a break. We have enjoyed inviting their kids over to play on occasion and feeding them special meals. It was fun to hear them say they had such a fun time that they want to come back for a longer time! It is a blessing to know that we can shine a bit of light and encouragement into their lives during an incredibly stressful season.

Grismore's Garage has also been busy! One of our Airmen melted down a piston on his engine and didn't have the funds to pay for a shop to fix it. The estimate was around \$4,000! I told him if he was willing to help, we could get a lower-mile engine and do the swap in our garage. Letty supplied us with food and coffee

while we worked to get the old engine out and the new one installed. We had a good time wrenching together and had some great conversations as we worked. This also opened the opportunity to perform six oil changes and add several more friends to our Bible study group.

A Guardian involved in our ministry has a truck with a badly rusted frame that made her safety very sketchy. This past Saturday, she brought her truck over so I could cut the bad section out of the frame and fabricate new pieces for it. I then gave her a quick lesson on welding, and the two of us worked to weld it all back together again. It was wonderful for Letty and me to use our gifts to bless and encourage her. She is also one whom Letty is discipling.

Please keep us in prayer as we disciple, provide for, and encourage those God has put in our path. We praise God that He has been growing our support team and providing for the financial needs of The Wright House! Thank you for being a part of this team and faithfully lifting us in prayer.
